Manchester is home to some remarkable ladies but what do you know of the Mancunian women of the past? Join our walking tour of the city to find out about a range of feisty females, from those who fought so we can vote, to those who misbehaved. You'll hear of real women who acted out of love, fear, a desire for fun or a wish to improve the city. Sound familiar?

Meet at the front of the Town Hall, Albert Square and remember to dress for the weather and a walk round town.

There a limited number of places so please apply early.
