This fast paced tour through key elements of the accounts has been specifically designed for Women on Boards and will be run by a PwC Director from their Accounting Consulting Services team. It is targeted at current and aspiring board members who are not financially literate and who want to develop their ability to read and analyse financial statements. This will be a safe space to ask questions and fill your knowledge gaps and will provide guidance on the type of things to look out for as a director. It is particularly suited to those who do not have a financial background who are seeking a basic understanding of financial accounts.

**To Apply:** Please fill out and return the attached form together with your cheque (payable to "Women in Property") to:
