[Women in Property
North West](https://www.womeninproperty.org.uk/north-west)

VOX is a BTR scheme of 280 apartments, with rooftop lounge, fitness suite and gardens, completed in January 2021.

On completion the developer, Glenbrook, instructed Hydrock to undertake a forensic study of the embodied and operational carbon in the scheme, in order to establish a “green benchmark” they could continually seek to improve on all future schemes.

On this tour, delegates will see the building through a carbon consultant’s eye, as Hydrock show how the scheme achieved LETI 2020 guidance, and then through the manager’s eyes as Allsop tell us about the tenant experience.

N.B. There is no parking - please use public transport (Cornbrook tram stop is 100m away), feet or wheels (there is a secure bike store at VOX).

Event organiser: Shannon Conway
