

An Insight into the UK Space Sector

Tuesday 18 January 2022

12:30 – 14:00

Zoom

Registration Deadline: Monday 17 January 2022

Scotland has five proposed spaceports, several of which have plans for satellite launches in the next two years. Gardiner & Theobald (G&T) is leading teams to deliver two of these; Space Hub Sutherland and Prestwick Spaceport.

Join us for a webinar with several members of the team to gain an insight into the UK space sector and what is driving the growth. The presentation will explore where the opportunities are for property and construction, and the challenges faced in delivering spaceports in the UK with a focus on town and country planning and the implications of launching rockets through a busy transatlantic airspace.

The panel will include:

- Stuart Fyvie – Partner at G&T
- Lara Zaroni – Marketing Manager at AstroAgency
- Margaret Bochel - Director at Aurora Planning
- Sandy Ingamells – Aviation Specialist at Osprey Consulting

Event organiser: Laura Banks
