Women in Property North West is delighted to host a family 'Picnic in the Park' for working parents and carers at Lyme Park in Disley.

This is a great opportunity to join fellow members and non-members in the beautiful setting of Lyme Park, a National Trust property consisting of a mansion house surrounded by formal gardens and a deer park set on the edge of the Peak District.

The event is set over lunchtime and is aimed at those with parental and caring responsibilities, to meet and discuss the challenges of balancing roles whilst working.

Bring your picnic lunches, picnic blankets, children and dogs and let's hope for a sunny day for our family picnic in the park!

We will position ourselves close to the newly opened children's adventure playground so any children that attend can enjoy.
