Women in Property and the RIBA North West are delighted to invite you to celebrate Black History Month alongside a truly inspiring panel of speakers.

The talk will touch upon this year's theme of 'celebrating our sisters' and it will be hosted by Chithra Marsh, Director at Buttress, National Chair of Women in Property and co-chair of the RIBA North West EDI Group.

The event will introduce 3-4 speakers with differing perspectives and backgrounds in the constructions industry to speak for around 10 - 15 minutes each, then opening up to a discussion and taking questions from the audience, with everyone welcome to join the conversation.

The event will follow the format of RIBA North East's 'JEDI Talks', which have become a popular platform for discussing themes of EDI.

Join us for an engaging discussion and a chance to learn more about Black History Month and the exciting events Women in Property and the RIBA have in store for the rest of the year.

Members and Non-Members of all genders are welcome to attend.

This event is CPD accredited – 1.5 hours
