Join us for a tour of Google's new headquarters at King's Cross, hosted by Lendlease, following our visits to the site in 2019 and 2022.

Comprising 1 million square feet of space spread out over an 11 storey building (and "longer than the Shard is tall"), the new Google headquarters will be the first wholly-owned and designed Google building outside of the US. In addition to providing office space for up to 4,000 Google employees, the building will also house a parade of retail units; market hall; community, education and event space; pool; games area; gym; and landscaped roof garden.

The entrance to the site is at the top of Kings Blvd, next to Kiss The Hippo Coffee Kiosk.

It should be a fascinating visit!

PPE will be provided (please provide your shoe size on booking)

Trousers must be worn on site, no skirts, dresses or shorts.

Please be aware that you are not allowed to take any photos or post any information about the site visit on social media.
